27.10.16

Today the accused Mohammad Miraj is produced from J/C, who files one bail application and prays for bail on the ground mentioned in the bail application. Now, the bail application is taken up for hearing in presence of the Ld.P.P. Heard both sides at length. Perused the C.D, I find there is a prima-facie case against the accused. Investigation is going on in full swing. All this stage, if bail is granted there is every chance of hampering the investigation by the accused. Accordingly, the prayer for bail is rejected. C.D be returned back. To 7.11.16 for production of the accused and report.
