

The petitioner and the learned counsel for the petitioner are absent.

When the Office verified the records, found that this Court has no territorial jurisdiction on the subject matter of the petition. The office has raised the said objection. Therefore, the case was posted for hearing on jurisdiction of this Court on this petition.

Though, the case was called on 18 hearing dates and today, neither the petitioner nor the counsel for the petitioner appeared to hear on the jurisdiction of this Court on the subject matter of the petition. It shows that the petitioner has no interest to prosecute the case. Hence, the petition is dismissed for want of jurisdiction.
