

**Spl. (POCSO) Case No. 3 of 2022**

**Order No.49**

**16.05.2024**

Today is fixed for evidence.

Accused **Sanjib Biswas** is produced from JC. The other two accused persons on Court bail are present.

Witness PW 2 i.e., the VG of this case has been cross examined in full and discharged.

Bail petition filed on behalf of the accused person.

Ld. Advocate agitate that the evidence of VG and the complainant having severe discrimination by which the accused person from very entitled to get bail. It has been submitted that the accused person is in custody for 835 days.

Ld. PP in charge opposes for bail vehemently by stating that the offence related to the rape by her biological father and some vulnerable witnesses are yet to be examined in this case. If the accused person be released on bail then it may violate the trial.

I have gone through the record and found that some vulnerable witnesses are yet to be examined in this case. So, I am not inclined to release the accused person on bail rather the trial be expedite to dispose of the same as early as possible. Accordingly, bail prayer is considered and stands rejected.

Fixing **19.06.2024** for evidence of PW 3 (who happens to be the another daughter of the accused Sanjib Biswas).
