

MACC No. 82 of 13 (213 of 14)

24.4.15

Petitioner files a petition for time for depositing deficit Court fee. A petition is filed for amendment of the claim petition.

No steps is taken by the O.Ps.

The amendment petition is taken up for hearing.

Heard the learned advocate.

The learned Advocate for the claimants submits that the insurance company should be added as O.P No.1 in this case because at the time of filing the claim case, the claimants did not know the name of the insurance company of the offending vehicle.

It appears from the case record that by way of amendment, claimant has sought to incorporate the name of the insurance company along with relevant averments in the claim petition. I find no impediment to allow the amendment application.

Therefore, the amendment application dated 24.4.15 is allowed. The claimant is permitted to amend the claim application as per schedule of the amendment application.

Note it in the relevant register.

The claimant is directed to file amended claim petition in this case.

To 11.6.15 for filing amended claim petition and deposit deficit Court fee.
