

Session Case 33 of 2025

Order No. 11

15-07-2026

Date is fixed for today for hearing on the petition for alteration of charge.

Though no written objection is filed by the PP-in-charge but at the time of hearing he also submitted that the first charge has been wrongly framed against the accused person as the de-facto complainant nowhere in the four corners of written complaint nor during the course of investigation was established as a public servant.

Considering the hearing of both sides, the first charge framed against the accused person should be deleted. New set up of charge has been framed against the accused person with the consent of both prosecution as well as defence.

The alteration of charge so framed is kept with the record.

Both the parties are at liberty to re-examine/cross-examine the witnesses so far deposed on the basis of the alteration of charge.

To 31-07-2026 for re-examination/further cross-examination of PW1 to PW4.

Additional Sessions Judge,
Fast Track, 1st Court, Islampur
