CM APPL. 28371/2024

1. This is an application filed under Section 151 of CPC, 1908 seeking amendment of the writ petition.
2. Mr. Kohli, learned counsel for the petitioner, states that the proposed amendment is only seeking to incorporate subsequent event, which is that the respondents have taken actual physical possession of the property in question during the pendency of the petition.
3. Ms. Kaur, learned standing counsel appearing on behalf of the respondent No. 1/ DDA states that the peaceful possession has been

taken after demolishing the structure in accordance with law and repeated attempts to obtain *status quo* have been rejected by the Court.

4. However, without getting into the merits of the controversy, the petitioner is only seeking to incorporate subsequent events having occurred during the pendency of the petition, which to my mind, needs to be allowed.
5. For the said reasons, the present application is allowed.
6. The amended petition filed is taken on record.
7. The counter affidavit to the amended petition be filed within 4 weeks from today.
8. Re-notify for hearing on 17.02.2027.
