ORDER

%

21.02.2017

CM No. 22173/2016 (Exemption)

Exemption allowed subject to all just exceptions.

Application disposed of.

W.P.(C) 655/2016 and CM No. 2736/2016 (stay)

The affidavit of the petitioner in terms of the direction contained in the order dated 01.12.2016 is on record.

The petitioner is aggrieved that inspite of the specific direction this property has not been desealed by the respondent / NDMC in order that the necessary repair / renovation of the shops (shops no. 1400 and 1402) could be carried out. Counsel for the respondent undertakes and ensures this Court that this desealing program shall positively effected before 26.02.2017 in order that the directions

contained in the earlier order dated 01.12.2016 are implicated.

Counsel for the petitioner submits that lot of malba/ debris is collected on the roof top of the shops which he also may be permitted to remove. The said permission is granted to him. He may remove the malba / debris which is collected on the roof top of the afore noted two shops (i.e. shops no. 1400 and 1402).

After the repairs had been carried out by the petitioner (which the petitioner undertakes to complete within a period of one week) will again be sealed by the respondent / NDMC.

List for further arguments on 27.03.2017.

Order dasti under signatures of Court Master.
