*On the last date of hearing it has been wrongly typed that the plaintiff has filed the certificate under Section 65B of Evidence Act, however, the plaintiff **has not** filed the same. The said order is rectified today.*

Today the matter is listed for plaintiff's evidence. However, proxy counsel for the defendants seeks an adjournment on the ground that the main counsel is not available today. Adjournment sought is not opposed by the opposite side. Heard. Request allowed. As such, the matter stands adjourned.

Relist for plaintiff's evidence on 20.05.2019.
