The learned counsel for the appellant submits that the Supreme Court in *Royappan vs. The Divisional Manager, The United India Insurance Co. Ltd. & Anr.*, Civil Appeal No. 19840/2017 decided on 26.09.2019, has upheld the decision of the High Court which reduced the amount of compensation because of continued employment of the injured. It is argued that in the present case too since the claimant continues to be in employment and would not suffer adversely apropos his promotion due to the disability, the compensation awarded on account of 'loss of income' after future retirement, is erroneous.

Let the impugned amount, alongwith interest accrued thereon, first be deposited before the learned Tribunal.

List on 14.01.2020.
