1. Learned counsel for the respondents submits that the original record which was directed to be produced vide order dated 17.11.2023 could not be produced today as the same was required for a petition pending consideration before the Calcutta High Court as well.
2. We are, however, unable to appreciate as to why merely because a writ petition pertaining to the same incident as is the subject matter of the present petition, is pending before the Calcutta High Court, the record could not be produced for perusal of this Court as the same could have been returned to the respondents after today's hearing. However, since the record has not been produced, we have no other option but to defer hearing today.

3. The respondents are, however, directed to ensure that the record is positively produced on the next date.
4. List on 08.01.2025.
