ORDER
% **22.08.2024**

Matter is taken up through physical hearing as well as video conferencing.

Case is fixed for admission/denial and marking of exhibits.

Joint Document Schedule has been filed by the plaintiff.

Perusal of Order dated 10.08.2017 reveals that defendant had admitted 8 documents of plaintiff which were exhibited as Ex. P-1 to Ex. P-8. Ld. Counsel for plaintiff has stated that there is some discrepancy in the admitted documents and Joint Document Schedule filed on record.

Ld. Counsel for defendants has stated that three different affidavits for admission/denial were filed by defendant on various dates and he needs to inspect the file for verifying as to which documents have been admitted and which documents have been denied.

Both the parties are directed to inspect the file physically as well as online and to file revised Joint Document Schedule after compilation of all the documents of plaintiff and defendant, within four weeks as last opportunity. Previous cost has been deposited by the plaintiff and proof has been filed with the Registry.

Be fixed for admission/denial and marking of exhibits on 29.10.2024 as last and final opportunity to both the parties. The parties/counsels are directed to appear physically with original documents on the next date of hearing.
