ORAL ORDER

It is brought to the notice of this Court that the dispute pertains to discharge of rainy water in the river. It is the case of the petitioner that the flow of the water is from the field of the petitioner to the field of private respondent and then to the river, whereas, the stand of the respondent is that by way of preferring present petition, petitioner is trying to reverse the flow of the water, which is not permissible.

Therefore, with a sole intention to resolve the dispute and ascertain the exact condition of the water flow, spot inspection of the place is required to be carried out by the Mamlatdar concerned. The

Mamlatdar is, therefore, directed to carry out a Panchnama of the spot. The Mamlatdar to carry out the said exercise in presence of both the parties within a period of 15 days from the date of receipt of copy of this order and submit a detailed report along with necessary documents so as to reach to this Court on or before the next date of hearing.

The matter is posted on 09.02.2026.
