CORAM: VIJAY S.KULKARNI
REGISTRAR (JUDL)

DATED: 27/02/2017

1. Perused record and proceedings. The objections notified by the office have not been removed by the petitioner till this date. It is the matter of record that about four chances have been given to the petitioner for removing the same. On the last date, last chance was given to the petitioner for removing the objections. However, neither steps were taken nor the objections are removed by the petitioner. There is no representation on behalf of the petitioner. There is no leave note filed by the learned Advocate for the petitioner for today's date. Though adequate chances have been given to remove the objections, the petitioner failed to remove the same. In view of the above, it appears that the petitioner is not really interested in taking steps and to remove the objections. In the result, I proceed to pass following order.

ORDER

The objections notified by the office have not been removed by the petitioner till this date. Hence registration is hereby refused.

REGISTRAR (JUDL)
