For Respondent(s): Mr.S.Arumugam
Government Advocate

ORDER

This writ petition has been filed seeking for survey and demarcation of boundaries for the property more fully described in the prayer to this writ petition.

2.On the last hearing date, the learned Government Advocate appearing for the respondents, on instruction, submitted that the prayer sought for in this writ petition has been achieved since the survey and demarcation of boundaries for the petitioner's property has been completed.

3.Learned counsel for the petitioner, on the last hearing date sought time to get instructions with regard to the submissions made by the learned Government Advocate appearing for the respondents.

4.Today, the learned counsel for the petitioner, on instructions, would submit that though survey and demarcation of boundaries has been done by the respondents, the measurements disclosed in the survey report are incorrect.

5. In this writ petition, the question of correcting the survey report cannot be granted since the petitioner has sought only for survey and demarcation of the boundaries in this writ petition and as the survey and demarcation of boundaries has already been done by the respondents, the prayer sought for in this writ petition has become infructuous. However, if the petitioner is aggrieved by the measurements disclosed in the survey report, the petitioner will have to file appropriate legal proceedings, challenging the same.

6. In view of the above, this writ petition is disposed of as infructuous since the survey and demarcation of the boundaries for the property more fully described in the prayer to this writ petition has been done by the respondents. However, liberty is granted to the petitioner to challenge the survey report if aggrieved by the petitioner, in the manner known to the petitioner in law. No costs. Consequently, connected miscellaneous petition is closed.
