

O.P.No.347 of 2024

RMT.TEEKAA RAMAN, J.

WEB COPY

This Original Petition was filed by the petitioner/father for custody of minor child, who is now with the respondent/mother. The grandparents have appeared before this Court and made an oral plea that they have come down to India and they wish to see the child who is in the custody of the respondent/mother since they have not seen the child for the last five years. Hence, this Court passed order for appearance of the respondent/mother and the minor child through video conferencing.

2. On 30.08.2024, this court passed the order for the appearance of the minor child through video conferencing on 05.09.2024 and also directed the petitioner/father to attend court proceedings through video conferencing from USA.

3. On 05.09.2024, this court passed the following order -

The grandparents present before the Court. The Father appeared through video conferencing, who was identified by the learned counsel for the Petitioner. The Mother appeared through video conferencing, who was also identified by the learned counsel for the Respondent. The grandparents saw the grandson (minor) through video conferencing after a long time. The minor child could not able to identify the grandparents, who present before this Court. Though this Court adjusted the camera to view the grandparents clearly, the minor child could not able to identify the grandparents.

2.It was suggested to the Mother as to why in a common place, the grandparents have interaction with the minor child for about an hour on the next Sunday, either in a Mall or in the office of the learned counsel for the Respondent/Mother. The objections of the Mother has been heard through video conferencing and she has narrated few incidents that was taken place in the past by which she got hurt deeply by the alleged attitude of the grandparents. Since it has more reasoning to be seen, this Court is directed the Respondent/Mother to file her objections, for visiting the grandparents at a common place before they return to USA on 18.10.2024 to have interaction with the grandson viz., Thanush.

4. Today, Ms.Kamachi, learned counsel appearing for the respondent/mother filed affidavit of the respondent/mother expressing certain apprehension. Since it is an oral request made by the grandparents who wish to see the minor boy and taking into consideration the conversation and the submissions made by the respondent/mother through video conferencing and the affidavit filed now, I find that grand parents are at liberty to file necessary affidavit/petition in view of the objection raised by the respondent/mother for the oral representation made by the grandparents.

5. Post the matter after two (2) weeks.
