ABDUL QUDDHOSE, J.

The petitioner has challenged the impugned notification acquiring the petitioner's lands on the ground that, earlier, the very same lands were exempted from land acquisition as early as in the year 1994. But, despite the same, the very same lands are now proposed to be acquired through the impugned notification. The petitioner also claims that she was a minor at the time of issuance of the impugned notification and she became a major only on 24.03.2026. Therefore, according to the petitioner, the land acquisition is illegal.
