A.No.5144 of 2025

ORDER

It is seen from the records that the custody of the child is with the respondent/mother and a request has been made by the learned counsel for the mother that the minor child who is aged 4 years is unwell and the mother is suffering financial distress and unable to cope with the medical expenses of the child. It is further submitted that the applicant/father is well placed in an I.T. company and is earning Rs.3.5 lakhs per month. In this circumstances, the learned counsel for the applicant/father was requested to get instructions from the father as regards the immediate support to the ailing child by paying some amount and the matter was passed over.

2. However, when this matter was taken up, no response was received from the learned counsel for the father as regards the payment in support of the ailing child and the applicant/father insists on the prayers placed before this Court regarding interim custody and visitation rights. It is not understood as to how the father who does not respond to the call of this court to address the financial requirements of the ailing child would want the court to look into the prayers of visitation rights. The learned counsel for the applicant/father submits that the father is willing to visit the child; however, there is no specific response regarding the payment.
