Additional Government Pleader

ORDER

WEB COPY

This Court, vide order dated 10.10.2025, issued a direction to the District Administration to drain the water from the petitioner's premises on or before 17.10.2025.

2. However, the learned Advocate General appearing for the respondents submits that immediately after receipt of the order passed by this Court, the District Administration conducted field inspection and found that if the water is drained from the petitioner's premises, it will not contaminate the water in Krishna river which is meant for consumption of the Chennai people.

3. In view of the same, the petitioner and the respondents are directed to identify suitable place for draining the water through pumping and the pumping expenses will be borne by the petitioner and the District Administration is directed to depute a Water Metro Expert for conducting test as to find out whether the stagnated water is contaminated water or rain water and file a report before this Court on 22.10.2025.

4. The petitioner is also directed to find out a solution to drain the water to a safest place except the Krishna water Channel.
