Order

1. Heard.
2. The present criminal writ petition has been filed challenging the inaction on the part of the respondents in not acting upon the representation filed by the petitioner. The said representation was filed in pursuance of the liberty granted by this Court while withdrawing the criminal miscellaneous petition (S.B. Criminal Misc. Petition No. 6254/2025) previously filed by the present petitioner. The said representation reflects that the people from petitioner's community are allegedly boycotting her in their private functions/ceremonies. As such, for taking action against such people, the said representation has been filed.
3. Learned counsel for the petitioner failed to establish that the people from petitioner's community are not allowing the petitioner and her family to attend any community gatherings. All the

averments in the representation show that they are allegedly not allowing the petitioner in the private functions/ceremonies. In such a case, the police cannot do anything as there is no corresponding obligation on the police to deal with such kind of disputes, even though such representation is made. Unless corresponding obligations exists on the police to consider such representation, there cannot any mandamus to consider such representation.

4. In view of the above, the criminal writ petition is ***disposed of***. However, if the petitioner has any grievance, she is at liberty to institute any civil proceedings before the appropriate forum.

5. All pending applications, if any, stand disposed of.
