HON'BLE MR. JUSTICE ARUN BHANSALI

Order

06/12/2022

on 24.05.2022, under the directions of the Court when the approval of the State for award of bonus marks to those working as Pharmacists under the NPCDCS Ayush Project, were produced, it was, inter-alia, observed by the Court :-

“The note-sheet produced, *prima-facie* indicates that the competent authority has simply referred to the fact that those who are working under the NPCDCS Ayush Project, they're entitled for bonus marks without adverting to the fact that said candidates were working as Pharmacists and the experience required under the

advertisement for award of bonus marks is for performance of the duty on similar post and the post in question is Nurse/ Compounder Junior Grade.”

Whereafter, though the applicants, who were impleaded as party to the present writ petition, have placed on record material, to content that the work performed by them is similar to that of Nurse / Compounder Junior Grade, however, apparently, there is no material available on record, wherein on part of the State a determination of the said nature has been made.

Today, during course of submissions, learned Advocate General attempted to reiterate the submissions that the work performed by the said Pharmacists was similar to Nurse / Compounder Junior Grade, however, fairly submitted that no determination of the said nature on part of the State so far is available on record and that the State may be permitted to make a determination on the said aspect.

In view of the submissions made, the State may make a determination regarding the fact as to whether the duties performed by the Pharmacists working under the NPCDCS Ayush Project is similar to that of Nurse / Compounder Junior Grade before the next date and place the same on record after providing a copy thereof to counsel for the petitioners.

List the petitions on 15.12.2022.

(ARUN BHANSALI),J
