Order

30/04/2026

1. While we are taking up the matters today, we are informed that the learned Single Judge is also hearing the main case today which is listed at serial No.103 in today's cause list.
2. We request the learned Single Judge to take up the matter as soon as possible and if not today then on any other early date, as the issue involves public interest. However, we find that there was an interim order passed earlier which has been vacated and the writ petition has been admitted, which if not heard, would leave the case to go in due course and the adjudication of the issue would become frustrated.
3. We are informed by the counsel for the appellant that the respondent No.5, who was also working earlier and was supplying the grinding balls, has been given extension to supply the grinding balls for 50% of the original quantity. However, so far as counsel appearing for respondent No.5 is concerned, he submits that a work order has been issued on 20.04.2026 against NIT No.TN43/2026-27. The purchase order dated 20.04.2026 has been shown to us and we find that the issue needs to be examined thoroughly by the learned Single Judge where the original writ petition is pending. The case shall be examined without taking into consideration the aspects with regard to the purchase which has already been issued to respondent No.5 and we request the learned Single Judge to hear and decide the main itself case expeditiously and preferably within a period of seven days from today.
4. Accordingly, the present appeals stand disposed of. Pending application(s) also stand disposed of.

5. It is made clear that the supply of goods by respondent No.5 would be subject to the decision of the case pending before the learned Single Judge.
