The Registry has pointed out two defects as per which few pages of Annexure-4 are blank and few pages of the very same annexure are not certified/original.

In response to the said defects, the petitioner has filed objections saying that the documents so submitted by it are a part of the original file of the executing Court and the original file has been returned by the learned District Judge, Sikar and thus, no changes in the same can be made by the petitioner.

Taking note of the above, the defects as pointed out by the Registry are waived.

Accordingly, Application Nos.01/2023 and 01/2024 also stand disposed of.

List the matter for admission after two weeks.
