HON'BLE THE ACTING CHIEF JUSTICE MR. SANJEEV PRAKASH SHARMA
HON'BLE MR. JUSTICE MANEESH SHARMA

Order

01/07/2026

1. The learned counsel appearing for the State submits that after March, 2026, there is no report of blast mining done through blasting in the area. However, we are concerned as the said area is quite densely populated.
2. Moreover, in view of the declared Government policies of development of sports city in the area, including construction of huge stadium, we do not propose to allow any kind of mining activity in the area.

3. The Mining Engineer of the jurisdictional area was called and is present in Court.
4. He submits that at present there are no reports of any blast and mining activities. However, it continues as the leases were given much prior to the planning of the construction of the stadium.
5. We are further informed by the learned counsel appearing in this case that construction of the stadium had started and a huge sum has already been spent in the construction, but now the construction has been put to a standstill. No plausible reasons are coming forward for stopping the construction work midway.
6. Once the scheme has been sanctioned for setting up of a stadium and sports complex, and public money has also been spent for the purpose, it ought not be stopped midway and should reach to its final conclusion.
7. We therefore, direct the State Authorities to take immediate steps for completing the construction of the stadium at Village Chaunp and apprise this Court on the next date of the steps being taken for proper development of the area, including roads, etc.
8. As observed hereinabove, we restrain all mining activities from being conducted in the said densely populated area. We further expect the Mining Department to take stringent steps in this regard and if necessary, mining areas may be shifted to other places, moreso, as apart from the area being densely populated, it is also near the BSF Headquarters.
9. A report in this regard may be filed before the next date, i.e., upto 29.07.2026.
10. List on 30.07.2026.

11. Personal appearance of the Mining Engineers is exempted for the future.
