Re: CAN 2 of 2025

This is an application at the behest of the appellant for fixing a date for hearing of the instant appeal.

It is averred that the certificate of disability by a competent authority cannot be questioned by the authority, more particularly, when the same is renewed from time to time. There is no ground mentioned why the instant appeal should be given precedence over the other appeals, which are pending more than a decade or so.

Ordinarily, we would not have entertained such application, as a person having resources at his disposal and by engaging a Counsel shall get the precedence over the other litigants, who are waiting in the queue with a hope of getting the matter taken up by the Bench. However, considering the fact that the appellant is suffering from disability, let this matter be listed in the third week of March 2025.

The application is, thus, disposed of.
