In this writ petition, several allegations have been made against the private respondents that they are not allowing the electricity authority to have access to the meter box of the petitioner. Private respondents oppose this writ petition by contending that petitioner does not reside in the premises in question. The respondent electricity authority shall conduct a physical verification as to whether the petitioner resides at the premises in question or not by sending an officer and fixing a date and time and intimating in advance the same to the interested parties within a

week and shall also enquire from the local people and shall file a report before this Court on 18th September, 2023.
