All other arrangements for making the crèche facility in the High Court functional, have been made available. However, at the time of hearing it was pointed out that certain guidelines are required to be framed for using the facility.

Argument was also raised for installing CCTV Cameras, security and wristband on the children for their identification.

Learned counsel for the petitioners has further pointed out that crèche facilities are required even in all the Court complexes in the Districts and Sub-divisions.

Let the Registrar General of this Court seek a report from all the District Judges with reference to the availability of the crèche facility and, if not, the availability of space and infrastructure required for this purpose.

Adjourned to September 17, 2021.
