Learned counsel for the High Court Administration submits that on account of the on set of third wave of COVID the needful in terms of the earlier order dated 21st December, 2021 could not be done.

He seeks further four weeks time to finalise the guidelines of Creche facilities.

The details in the tabular format in terms of the order dated 17.09.2021 placed on record earlier indicate that in several districts no Creche facility is available.

Learned District Judges of the concerned districts may take appropriate steps to ensure that the Creche facility is created expeditiously and they are also permitted to send the communication to the concerned authorities, if they are facing any difficulty, as regards the space and infrastructure in creating the Creche facility.

Let this order be communicated to all the concerned District Judges through the Registrar General of this Court.

List on 18th April, 2022.
